Projects

Project 1

Project1: Developing An Integrated Solution For The Manufacturing Sectors

Description: This project is aimed to create and develop an interactive solution for the manufacturing sectors in order to meet their customer needs and demands. One can easily create, manage, monitor the work orders throughout the production process, helps in automatically balancing the demand and supply, and also manages all the products in one place.

Project 2

Project2: Developing And Implementing The Retail Based Products Or Businesses

Description: You need to analyze the needs and demands in order to create an unified and integrated solution for the retail based products. This project entails the real time analytics of the customer, powerful ecommerce capabilities, supports central management for all the pricing and promotional activities.

Reviews

Harshad Gaikwad

I had an insightful experience with HKR Trainings while participating in the ServiceNow ITOM (IT Operations Management) Training online. Engaging in instructor-led sessions, the trainer offered detailed insights into various ServiceNow ITOM modules and practices. Throughout the course, the support team was consistently available, and the trainer adeptly clarified all my inquiries, ensuring a comprehensive understanding of ServiceNow ITOM concepts.

Balaji Gnanasekar

I had a comprehensive learning journey with HKR Trainings while undertaking the PostgreSQL Training online. Engaging in instructor-led sessions, the trainer delved deep into various PostgreSQL functionalities and best practices. Throughout the training, the support team remained attentive, and the trainer skillfully addressed all my questions, facilitating a solid grasp of PostgreSQL concepts.

Amit Singh

I had a rewarding experience with HKR Trainings while delving into the ServiceNow ITOM (IT Operations Management) Training online. Engaging in instructor-led sessions, the trainer provided comprehensive insights into various ServiceNow ITOM modules and best practices. Throughout the course, the support team was consistently available, and the trainer adeptly addressed all my queries, ensuring a robust understanding of ServiceNow ITOM concepts.

Rohini Masarapu

I had a transformative learning experience with HKR Trainings during the GCP (Google Cloud Platform) Training online. Participating in instructor-led sessions, the trainer offered comprehensive insights into various GCP services and functionalities. Throughout the course, the support team was readily available, and the trainer skillfully addressed all my inquiries, ensuring a thorough understanding of GCP concepts.
